# Assembly and use

p-marc 3-pack hooks

This pack includes three complete hangers: for a standard post, for larger posts and for a parasol. Follow the separate assembly procedure for each one.

**One black p-marc storage bag for the entire pack.**

### A · Standard-post hanger

Complete assembly on the court post.

### B · Hanger for larger posts

Assembly with a hook-and-loop strap, without a screw.

### C · Parasol hanger

Complete assembly on the parasol pole.

> **IMPORTANT**
>
> Always tighten the screws by hand and do not force them.

#### Approximate post diameters

The hanger for larger posts is designed for posts approximately 6 to 14 cm in diameter. For larger diameters, contact p-marc: a longer hook-and-loop strap can be adapted to the post.

## B · Hanger for larger posts

Approx. 6-14 cm. For larger posts, contact p-marc about a longer strap.

### STEP 1

Thread the hook-and-loop strap through one hanger handle, as shown.

### STEP 2

Fold the strap back onto itself and secure it firmly around the handle you threaded it through.

### STEP 3

Place the hanger next to the post and wrap the strap all the way around the post.

### STEP 4

Thread the free end through the other handle and pull firmly until the hanger fits snugly around the post.

### STEP 5

Fasten the strap onto itself. The hanger is securely attached to the post and ready to use.
